

Points to Ponder at Life Group:

1. Comb through the story with one goal in mind: to observe who the master in the story truly is. How does Jesus characterize himself in the story? Who is he? How does he act? Why? The sermon put it like this: who is your Jesus?
2. Agree or Disagree: Christians have a hard time seeing themselves as gifted and joyful servants.
3. Jesus is coming back! We can be so joyful about that. This parable describes what we, Christians, can be about in the meantime. Share one or two specific and concrete things in your life that you want to go out and do in service to Jesus before Christmas.
