

Points to Ponder at Life Group:

1. It's been a while since our last Life Group session, and some are new to it. Spend time sharing! What's been great for you? What's been tough?
2. Jesus' teaching in Luke 13 is very direct. What did you think was most challenging about it? Why?
3. Lent is a time of year that Christians have set aside as a time of special repentance. Are there spiritual disciplines that you have heard of, want to try out, or are things you are doing right now that you find/could find helpful in impressing repentance on you?
